

# PAGE OF SUPER IMPORTANT DETAILS

(This could save your life. Okay, not really, but it will make your trip more enjoyable.)

## PACKING LIST

We have conveniently put your packing list on the back of this page! On the go? Here are a couple ways to access your packing list online:

### 1. Global Ventures App

Click on > Missions > Team Portal

### 2. GlobalVentures.tv

Click on "Team Portal" in the top right-hand corner. Then click "packing list".

Please use this list - we've spent years getting it just perfect for you so you aren't forgetting anything super important, and also to ensure we are culturally sensitive to each country we travel to.

## TEAM PORTAL

Team Portal is an awesome tool that you can use to your advantage! To access it, go to [globalventures.tv](http://globalventures.tv) and find "team portal" at the top right-hand corner. Once you get there, you can:

### 1. Check your trip balance

See how much progress you've made!

### 2. Access your donor list

See who gave to your trip to reach out and thank them! Maybe even make a list of who to bring a gift back to ;)

## PREPARE YOURSELF

(This is the most important of all the super important things.)

Here's the deal. Our ability to reach people greatly depends on how well we prepare OURSELVES. We want you to have the absolute best experience with us, and reach as many people as you can in the process!

**So - MEMORIZE THE NETS.**

(We call them "nets" because Jesus said "Be fishers of men"... and we want to catch A LOT of fish.. so we use NETS... get it? :) Okay, moving on...)

1. Study the 1-on-1 script. (This will be the majority of ministry in Albania)

2. Memorize the Nets.

Start with Part 2 and continue memorizing through Part 5. Part 1 is easy and you will catch on quickly during training in-country. So, skip it for now.

**Tips to help:**

- Busy? We understand. You can record yourself saying them in your phone and listen whenever you have time!
- Keep them in your pocket or take a picture and save to your phone to study on lunch breaks, snack breaks...even bathroom breaks. (Come on, we know you're on your phone in there anyway.)
