

SUPER IMPORTANT TRAVEL DETAILS

(To make your travel day easy and fun!)

Thailand 2022

TRAVEL DETAILS

We're almost there!! We can't wait to meet up with you at the airport! Here are some important details you'll want to know for travel day:

1. Checking In

At check-in for your first flight, with flight itinerary in hand, insist that your luggage be "checked to final destination" (Bangkok, Thailand, BKK) **If you have any issues at check-in please, call us as soon as possible because any delays at check-in can result in missed flights.**

2. Before the International Flight

You will connect with Global Ventures founder, Martine Smithwick, (pictured right) before boarding the international flight. She will lead you to your final destination, where you will connect with the rest of the GV team.

Please meet at the international departure gate a minimum of **one hour** before the scheduled flight time for all last minute announcements.

3. International Calling

Please contact your cell phone carrier about international calling plans for your trip, as it is too difficult to provide a cell phone to everyone during a short trip like this. If you have loved ones wanting email updates while you are on the trip, please have them email info@globalventures.tv and we will be in touch with them.

WHO TO CALL?

If your domestic flight is delayed or if you have questions during travel day, please call **Marlana Young** on her cell phone at **956-763-9499**.

If she is not available, please call **Martine Smithwick** at **918-289-4530**.

Martine Smithwick

EXCHANGE RATE

Once we are in country, we will have a time for you to exchange your money.

Thailand: 1 USD = 38 THB

REMINDER

Don't forget to study your nets!

Everything in country is prepared, so let's do our part by knowing our nets :)

AWESOME SERVICE PROJECT OPPORTUNITY!

We will be giving water filters to a whole community in need! You will show them how to put their filter together.

**Watch this video to be ready!
Go to "globalventures.tv/water-demo"**
